Filed: June 26, 2003

For: ANTI-DAZZLING FILM

REQUEST FOR RECONSIDERATION

Commissioner for Patents  
P. O. Box 1450  
Alexandria, Virginia 22313-1450

Sir:

Applicants request reconsideration of the Office Action  
mailed July 1, 2003 based upon the following remarks /

The rejection of claims 1 to 4 under 35 USC 102 as  
anticipated by Maekawa '176 is respectfully traversed.

The present invention is directed to an anti-dazzling film  
with improved ability to reduce the dazzle of a screen caused by  
catching a window image, room lighting equipment, or the like,  
while simultaneously effectively suppressing both whitening of  
the display surface and scintillation; see, e.g., page 2, lines  
5 to 11, the paragraph bridging pages 2 and 3, page 5, lines 9
